Convenient size, basic for French learners like me, I like this dictionary. However, I have searched for some entries that I have found in a French magazine, and I haven't found them. I assume it happens because it's a basic dictionary. So far, it is good for me.

Disappointing! Font size is ridiculously small. There must be better alternatives out there.

Perfect companion for any language study

Easy to use

This is a gem of a dictionary. The print is crystal clear, and the definitions of words are succinct but comprehensive. This dictionary is just what I wanted for my editing work with French articles on bicycle history. If you don't know French well and you want to know what a French word means in English, I can recommend this dictionary to help you out. Also, this "used book" was in almost "new" condition.

A must have dictionary even if you just think French is a cool language. Build your vocab in or out of a class room. This is the perfect size dictionary for everyone and is great to have. Has french grammar at the beginning for the first 40 pages or so. Fantastic dictionary at a great price.

Ce livre est fantastique! This book is wonderful. I bought it to expand my knowledge of French since most of my studying is by myself and I do a lot of writing in French. Not only does this have a plethora of words but also has extremely useful information within the front of the dictionary. I've learned a lot of new things just by using this information! Si vous voulez d'apprendre plus français, alors ce dictionnaire est parfait pour vous!

No complaints. It was gifted.
