Very nice comprehensive map.... big print and well highlighted....but each page covers too small an area, making it quite hard to tell where you are or need to be on what area of the island. The TMK Oahu Street and Condo Mapbook is much easier to use by covering a larger area on each page. Both books are very old, so new streets and changes won't be in either mapbook. I suppose GPS is making them obsolete. I live on Oahu. The TMK map fits in my glove box, the Oahu Mapbook is too big.

Somehow I had lost my map book (ironically), so I went straight to and bought a new one. I do wish there was a more up-to-date version. Other than that, I can't complain.

very good.
