Jerry Lane has a master's degree in creative writing. He is a long-time student of The Urantia Book as well as a Zen practitioner. He lives in Mill Valley, California.

Reading years of Mother's transmissions, getting to know this Other Parent, along with Michael-Jesus, has been a blessing by realizing her loving and intimate devotion to us, her children.

The book can be an introduction to her as you read her teachings on your being a spiritual, unique creation of this planet. You will feel why this book has been titled an adventure, what a never-ending trip you are on, loved always. A second goal of this book is to introduce you to the "unique Urantian cosmology", based on The Urantia Book, a book like no other in its scope and depth, explaining universe concepts through years of transmissions from our Parents. Come join the fun of discovery.

One of the most helpful works available for appreciating some of the deeper ideas of revelation of The Urantia Book. One familiar with the original book, The Urantia Book, will find many major themes woven together and juxtaposed in multiple dimensions of thought and sensibility, thereby revealing new alignment of facts, meanings, and values which illuminate tremendous insights. Practical spirituality.

Very disappointing book from an author that I expected more from.

This one is even better than the first. The lessons are simple to understand but incredibly profound in their implications. This is recommended for all those who genuinely and sincerely seek divine guidance in their daily lives.

"The Adventure of Being Human II: Mother Spirit Speaks" extends the universal spiritual wisdom found in the Urantia Book from the point of view of our spiritual parent. She teaches that we are each co-creating our inner and outer reality by way of our own creative spirit. She also teaches that love is dynamic, not a possession. Love only exists in the very use of it. The truth expressed in this book flows in harmony with the highest spiritual wisdom taught in Christianity, Buddhism and Hinduism. It is a new way of revealing ageless truth in modern language. Jacqueline H. Faber
