Very happy

Great Book!

I love going to Argentina and Uruguay and this book takes me there in between trips!! A must have book.

Finally a "go-to" book written about wingshooting in Argentina. Stuart Williams, the author, is an experienced, passionate hunter and a master photographer, with degrees from Yale. He has hunted over 50 times in Argentina(not to mention 250 international hunts). His no nonsense,sometimes humorous, thorough description of what it's like to hunt with the best outfitters in Argentina is truly enjoyable to read and long overdue. His non-biased reporting along with the fabulous photographs enable the reader to intimately understand how wingshooting in this country is the best in the world.....Bennett Fontenot

Excellent book with great photos. Stuart has hunted all over Argentina and this book is an excellent source of information for hunting in Argentina. He also has another book on hunting Argentina and Uruguay, which is outstanding.

This is a great book on wing-shooting in Argentina.It covers all kinds of shooting you can find in this country, from the Chaco province to Patagonia, with details on the operations and lodges in each location.If you are considering a trip to Argentina, this is the travel book of wing shooting on this country.
